

PROCESS OVERVIEW

Purpose

The purpose of this transaction is to register a Plant or Shipping Point. When a Plant becomes a Business Partner, it must go through an approval process, including a USDA Plant inspection (often done by a third party). Registering a Plant or Shipping Point begins that process. Once the Plant or Shipping Point is registered, the vendor must notify the Contracting Officer. After approval, a Plant or Shipping Point may only ship the materials which were approved for that specific Plant/Shipping Point.
